

The younger Primary Classes will be attending a performance at the Ordway Theater in St. Paul. We will attend *Birdhouse Factory Cirque Mechanics*. This is part of the Flint Hills 2009 International Children's Festival. The performance is described as: "See circus performed like never before in a factory filled with acrobats, dancers, clowns and contortionist who perform on giant gears, unicycle platforms, on a high-flying trapeze and more!" The field trip is on **Wednesday, May 27th**. **The bus leaves at 9:30am for the 10:30 performance. We will be back around noon.** Please return this permission slip signed with the field trip fee. We have a grant that pays for the buses; the fee covers the tickets to the performance. Thank you!

(Student's name)
